## **NATIONAL SERVICE SCHEME – NSS**

### **Aims and Objectives**

The NSS is part of our academic, social and personal life as it is the third dimension of education. It allows the students to actively contribute their services for the cause of community and the nation, thus helping them develop their personality. As such, the NSS is the right platform, where the students-youth of the nation may get to involve with real-life social activities, and thereby become responsible citizen of India.

### **Motto of NSS**

“NOT ME BUT YOU”

### **The Motto**

This reflects the essence of democratic living and upholds the need for selfless service and appreciation of the other person’s point of view and also to show consideration for fellow human beings. It underlines that the welfare of an individual is ultimately dependent on the welfare of society on the whole. Therefore it should be the aims of the NSS to demonstrate this motto in its day-to-day programmes.

### **The NSS Symbol**

The symbol of the National Service Scheme, as appearing on the cover page is based on the chariot wheel of the Konark Sun Temple situated in Odisha. These giant wheels of the Sun Temple portray the cycle of creation, preservation and release, and signify the movement in life across time and space. The design of the symbol, a simplified form of the sun-chariot wheel primarily depicts movement. The wheel signifies the progressive cycle of life. It stands for continuity as well as change and implies the continuous striving of the NSS for social transformation and advancement.

### **About the NSS**

The National Service Scheme (NSS) had its birth on September 24, 1969, during the Gandhi centenary year. The scheme was first launched in 37 Universities comprising 40,000 students.

Today the NSS has become the largest Government organization of students in the country comprising members from the +2 level to the college and university level. The strength of volunteers has now increased to more than 30 lakhs, which makes the NSS one of the largest student forces in the world.

The NSS has good relations with different government agencies and non-government organization in implementing its programmes for building up community assets, helping the underprivileged people through education and social services.

The NSS is useful not only for the development of the student’s personality, but it also helps promote the unity and integrity of the nation by bringing together young people from diverse geographical and socio-cultural backgrounds. The National Service Scheme (NSS) started functioning at Jadavpur University since 1969 and the performance of this scheme is highly satisfactory.

The objective of the NSS is “development of the personality of students through community service.”
